

Ghyll Royd
Care Home

Spellman Care

“

Ghyll Royd cared for my mam for a year. She needed nursing care, suffered from dementia and needed assistance with all aspects of her life. Ghyll Royd provided this care brilliantly up on Rowan Community, and thanks to all the staff for that. The care was not easy - she could be difficult at times. Her care at the terminal stage was exemplary. The staff assisted us at every turn. She passed peacefully under expert care. Thank you, forever grateful.

Welcome

Welcome to Ghyll Royd Care Home, a family-owned care home in the semi-rural area of Guiseley, near Ilkley and Otley.

Ghyll Royd is a purpose-built home, designed to the highest specifications. We pride ourselves on putting our residents' needs first, taking great care to provide a homely, warm, and welcoming environment.

Moving into a care home can feel like a big change, and our aim has always been to support all residents and their families to make their transition as comfortable as possible.

Our Home

We have four communities at Ghyll Royd; Willow, Rowan, Blossom and Beech. Across our communities we offer General Nursing, Dementia Nursing, Dementia Residential and Palliative Care.

Willow & Rowan Communities

Our Willow & Rowan Communities provide up to 46 residents with general nursing care. Working closely with residents' GPs and other Healthcare Professionals, the Nurses and Care Staff are on duty 24 hours a day to provide high quality, person centred care.

We work closely with every resident to tailor a personalised care plan to help ensure their independence and choices are maximised and respected. This plan is added to throughout the residents time with us, continually becoming more detailed.

Getting to know our residents and their wishes is very important to us and we will always include them and their loved ones in the care planning process.

Blossom & Beech Communities

Surrounded by trees and lawns, our Blossom & Beech Communities support residents living with dementia in a calm and peaceful setting.

Both communities enjoy large lounge dining areas, complimented by smaller private lounges surrounded by woodland. In these spaces, we use recollections, reminiscence and sensory-based activities to gain insight into a resident's life stories.

We ensure that the environment we offer changes with the needs of our residents, which is why we continually develop Blossom & Beech with those living with dementia in mind.

Blossom is our Residential Dementia Community, supporting residents who are living with dementia, but who don't need nursing care. Should residents develop the need for nursing care, they can be transferred to our Dementia Nursing Community*, Beech, to be supported by our registered nurses. *Subject to availability

With an excellent knowledge of dementia, our care staff and nurses receive regular enhanced training to compliment their existing qualifications.

Activities & Daily Life

We have an extensive team of Activity Coordinators who design a full programme of activities and events to suit our residents' needs. Residents can take part in as little or as much as they want to within the home. Every week, we have sessions for hairdressing and beauty to ensure that our residents can enjoy a pamper within our purpose-built salon. Other activities which our residents enjoy include poetry, arts and crafts, knitting, board games, quizzes and gardening. In addition, we have a dedicated minibus & driver, allowing residents to go on trips and attend external activities regularly.

Ghyll Royd Care Home

Dining & Food

All our ingredients are locally sourced and freshly prepared in-house, allowing our chefs to create delicious, nutritionally balanced meals and daily home baking. We cater for a variety of dietary preferences and our chefs work hard to satisfy residents' needs.

With four, spacious, well designed dining areas, our residents can relax and enjoy their dining experience in the company of others. Should residents prefer, meals can be served in their own room. At Ghyll Royd Care Home we adopt a 'food first' approach to nutrition, working with individuals to cater for special requirements and cultural preferences.

& Chips

“

My husband moved to Ghyll Royd after 10 weeks in hospital. He was welcomed with genuine warmth. After a few days, it was decided he required a higher and more secure level of care. This transfer was effected efficiently, professionally and with utmost dignity. I am kept aware of my husband's condition at all times. His level of care is exemplary. All the staff are friendly, engaging and supportive. Visitors speak and laugh with each other, an indication to me, they are happy with the level of care extended to their loved ones. Ghyll Royd is a fine example of what a nursing/care home should offer. A big thank you to everyone, 10/10!
